About Me

Surface print illustrator with 10 years of experience in the creative industry. Currently pursuing a postgraduate degree in Innovation and Technology in Surface Pattern Design at SENAI CETIQT, conducting research and experimentation in surface design.

Open to remote freelance projects and collaborations in surface design, illustration, and academic research.

Languages: Portuguese (Native), English (Advanced/Fluent)

Professional Experience

Textile Prints Designer

Feb 2026 – Current | Tayriel (self-employed)
Online

- Independent surface print designer, developing original collections and custom projects on demand. Creation of placement and all-over prints, repeat construction, and adaptation for different product applications.

Textile Prints Designer

Apr 2025 – Current | Dentro D'água
Curitiba/PR - Brazil

- Responsible for the development of placement and all-over prints, including repeat construction and engineered prints, with precise adaptation to garment patterns, preparation of final production-ready files, and creation of print technical sheets.
- Development of mockups in Clo3D for measurement validation, accurate print placement, and high-fidelity visualization aligned with the final product outcome.

Manager of Product Development

Jan 2024 – Mar 2025 | Nevon Vestimentas
Curitiba/PR - Brazil

- Management of the design and development of waterproof, high-visibility, and corporate clothing for private and public markets.

Freelance Fashion Designer

Jan 2023 – Dec 2025 | Freelance
Online

- Collection development, including fashion research, fashion design, tech-packs, 3D modelling, and print design.

Previous Experiences in Digital Marketing

- Over five years of experience in digital marketing, social media management, and creative content development.
